MEMORANDUM FOR: Director of Administration
SUBJECT: Material Section TO

This will confirm our discussion of 10 April concerning certain additions to the TO of headquarters Material Section. We agreed that this section has a real need for a secretary and for an additional material officer who should be an Air Force Captain or Major. I understand you will make a slot available for the former position and that you will move to fill the latter position using a Detachment "C" slot. At a later date after further experience we can review the urgency of the continuing need for this position.
